A message for providers:

Healthy Rewards

UniCare Health Plan of West Virginia, Inc. (UniCare) shares your commitment to your patients’ health and well-being. We have implemented a new, easily accessible incentive program called Healthy Rewards. This program has been designed to help your patients stay on track with their health care visits.

It’s simple. Every time your patient completes one of the qualifying healthy activities, they will get dollars added to their reloadable Healthy Rewards debit card.

- Prenatal first trimester or within 42 days of enrollment earns $25
- Prenatal visit (at least six prenatal care visits) earns $25
- Postpartum visit earns $25
- Well-baby visit by two weeks of age earns $25
- Well-child (at least six checkups before 15 months) earns $25

Healthy Rewards can be used at the following approved retailers:

- Dollar General
- Family Dollar
- Rite Aid
- Walmart

Members may use these funds to purchase approved items, including baby care items and more.

Help ensure your patients are receiving these rewards.

- Schedule an initial obstetrical (OB) visit within the first trimester or 42 days of enrollment with UniCare.
- Complete at least six prenatal care visits during your patient’s pregnancy. This may include your patient’s first trimester visit.
- Complete the patient’s postpartum checkup 21 to 56 days after delivery. If your patient had a C-section, their 1- to 2-week postoperative visit does not count as a postpartum visit.
- Encourage your patients to track their visits and earn rewards.
- Remind your patients once the baby is born to schedule their well-baby appointment with their pediatrician.
