Prior authorization requirements for Sublocade

Effective February 1, 2019, prior authorization (PA) requirements will change for the infusible/injectable drug Sublocade to be covered by UniCare Health Plan of West Virginia, Inc. Federal and state law, as well as state contract language and Centers for Medicare & Medicaid Services guidelines, including definitions and specific contract provisions/exclusions, take precedence over these PA rules and must be considered first when determining coverage. Noncompliance with new requirements may result in denied claims.

PA requirements will be added to the following:
- Sublocade — implant (J0570)
- Sublocade — injectable (Q9991, Q9992)

To request PA, you may use one of the following methods:
- Fax: 1-855-402-6983
- Phone: 1-866-655-7423

Not all PA requirements are listed here. Detailed PA requirements are available to contracted and noncontracted providers on our provider website (www.unicare.com > Providers > State Sponsored Plan providers > West Virginia - Medicaid Managed Care > Authorization and Preservice Review > Precertification Look UP Tool PLUTO). Providers may also call us at 1-800-782-0095 for PA requirements.
